

Cooperative Youth Conference & Leadership Experience

Sophomores: Are you a leader in your community and school? Would you like to attend a national award winning leadership program? Do you want to make a difference in your community? Are you interested in the opportunity to connect with other youth leaders? Do you want to learn more about Missouri State Government? If you answered **YES** to any of these questions, **CYCLE** is for you!

What is CYCLE? CYCLE is a truly unique and exciting leadership experience – Not to mention...FUN! The Cooperative Youth Conference & Leadership Experience is sponsored by Missouri's Electric Cooperatives. CYCLE brings together some of Missouri's brightest young leaders. The focus is to provide students with an inside look at Missouri State Government, sharpen leadership skills and teach about electric cooperatives. Delegates make new friends, take exclusive tours, and attend keynote presentations and events. Central Missouri Electric Cooperative selects 3 sophomore high school students each year to participate in Missouri's CYCLE program held in Jefferson City in July. You could be next! Enter to win!

Leadership Development: Missouri electric cooperatives are helping youth understand Missouri State Government and cooperative principles, learn to make good decisions and develop a positive outlook about public service. By engaging youth through the CYCLE program, electric cooperatives are helping to teach important skills to new generations of young citizens who will help their communities and nation grow.

Program Rules:

1. Entries may be submitted by high school sophomores who attend school in the cooperative's coverage area (except children, grandchildren, brothers or sisters of CMEC employees or directors).
